

Primary Literacy Center Ideas

Writing:

- ◆ Make a List-Post a weekly list topic in your writing center. Students can generate a list of words or pictures to match the topic. These can be stored in the students' writing folders for future use.
- ◆ Post Office-The writing center is the perfect place to encourage note writing to friends. Visit card stores for discarded envelopes and cards to put in the center. If you don't have room for student mail boxes, consider using plastic sleeves bound in a notebook.
- ◆ White Boards-Young children love to write on dry erase boards. They can practice without feeling that they can't erase. To save their writing from a white board, make a copy of it on your school's copier.
